PowerPoint slide design and make-over

What we can offer

As well as a full range of professional PowerPoint design expertise, we can offer a 'make-over' service.

This is a quick, easy and low-cost way of improving any PowerPoint presentation.

Just, send us your basic outline or existing presentation, and will work with you to create something special – in structure, substance and style. This can include advanced features such as flash animation, linked graphics and timed slideshows, with scripts if required

Not only do we have years of experience, we also have access to a large library of templates, images and special features.

Key features

PowerPoint Make-over:

- High-quality professional background image and template (from a choice of options).
- Edit and proof all slides.
- Add professional standard photo-art or graphics to key pages.
- Fast, efficient, easy and cost effective service. Free quotation.
- Create slides from your text or audio dictation, with presenter's notes.
- Edit and proof all slides.
- Add professional standard photo-art / graphics to key pages.
- Optional custom-designed graphic or logo for your event or presentation.
- High quality colour handouts.

Pricing

We have a low-hourly rate but always like to give an estimated price for each presentation.

Options

Fixed price production of an 'off-line' desktop presenter to help promote your business and increase sales.

Work smarter – not harder
